Unveiling Accomplishments and Celebrating Success Stories

Welcome to the third edition of the AISSMS MEDIA newsletter! In this issue of January, we delve into the depths of this edition. We are excited to present a compilation of remarkable accomplishments, innovative initiatives, and vibrant activities from the diverse colleges within the AISSM Society. This newsletter encapsulates the spirit of learning and collaboration within our academic community, showcasing the collective efforts of students, educators, and administrators. Join us on this captivating journey as we highlight the exceptional endeavours that shape the ever-evolving landscape of education and beyond.

AISSMS Polytechnic Alumni Reunion 2024: A Night to Remember!

The AISSMS Polytechnic Alumni Association hosted a memorable reunion on January 20, 2024, at 5:00 pm. Graduates from various years gathered for an evening of shared stories and laughter, celebrating the enduring bonds formed at AISSMS Polytechnic.

The college monthly newsletter extends gratitude to all attendees, making the Alumni Meet a truly unforgettable experience. Stay tuned for more events fostering the cherished connections among AISSMS Polytechnic alumni!

Seminar on 'Industrial Design and Electronics'

The Electronics and Telecommunication Engineering Department, in collaboration with the IEI student chapter and the Institute of Industrial Design-Pune, organised a captivating seminar on 'Wireless Sensor Network' for SYEJ and TYEJ students on January 8, 2024.

Expert speaker Mr. Sushil Soni guided students through the diverse world of WSN, sharing interdisciplinary learning models, case studies, best practices, and design challenges such as heterogeneity and low bandwidth communication.

Mr. Soni's insightful talk enriched the seminar, offering students valuable perspectives on the significance of Wireless Sensor Networks.

Workshop on "Internet of Things (IoT)"

The Electronics and Telecommunication Engineering Department, in collaboration with the Institute of Industrial Design-Pune GSC, recently hosted a two-day workshop on "Internet of Things (IoT)" on January 8th and 9th, 2024. Coordinated by Prof. R. V. Nilajagi, the workshop featured dynamic sessions led by Mr. Sushil Soni from Livewire India. The event covered both theory and hands-on practical aspects, providing TYEJ students with a comprehensive understanding of IoT, cloud services, and real-world projects.

Students delved into immersive hands-on experiences, gaining valuable insights and witnessing practical demonstrations of IoT applications. The workshop emphasised the fusion of IoT with Artificial Intelligence (AI) and Machine Learning (ML), inspiring students to gear up for the future.

Visit to Police Communication and Transport Facility

In a proactive initiative, the Electronics & Telecommunication Engineering department, under the IEI Students' Chapter, organised an Industrial Visit on Friday, January 5, 2024. The visit took place at Police Communication and Transport, located at Chavan Nagar, Pashan Road, Pune.

Nodal Officer, Shri. M.Y. Buchke, guided participants through the research and development section, highlighted the functioning of the polnet terminal (V-SAT), and showcased the unique Police Wireless Museum (Training Center). Additionally, attendees explored the Aryabhatta Open Museum at the Police Wireless Headquarters, Pune.

This Industrial Visit provided students with valuable insights into the practical applications and innovations within the field, fostering a deeper understanding of the real-world aspects of Electronics & Telecommunication Engineering.

State-Level Technical Paper Presentation Competition

The Department of Electronics & Telecommunication Engineering at AISSMS Polytechnic recently concluded the MSBTE-Sponsored State-Level Technical Paper Presentation Competition on January 31, 2024.

The event served as a platform for participants to ignite their passion, share insights, and contribute to the cutting-edge exploration in the realm of Electronics & Telecommunication. Attendees were encouraged to uncover the power of innovation and make their mark in the dynamic tech scene.

The competition, inaugurated with a celebration of ideas and brilliance, unfolded as a journey of knowledge and innovation. AISSMS Polytechnic extends gratitude to all participants and celebrates the success of this impactful State-Level Paper Presentation Competition

Visit to IANT

In a recent event, Computer Engineering students embarked on an enriching visit to the Institute of Advanced Network Technology, IANT.

This immersive experience allowed students to unravel the complexities of cutting-edge network technology, deepening their understanding alongside fellow enthusiasts. The visit provided a firsthand glimpse into the world of advanced networking, enhancing the students' practical knowledge and fostering a collaborative learning environment.

Seminar on Battery Design Trends

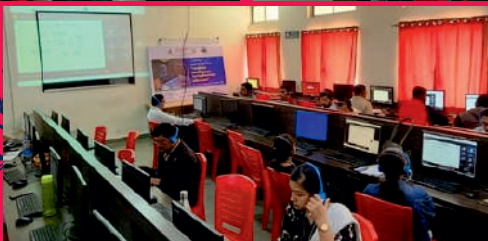

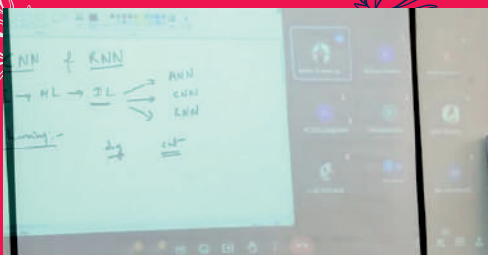

In collaboration with the Institute of Industrial Design-Pune, under the IEI Student Chapter, the Department of Electronics and Telecommunication Engineering at AISSMS Polytechnic organised a seminar for SYEJ and TYEJ students. Renowned speaker Mr. David Christian covered battery fundamentals, workings, research areas, and challenges, inspiring students to contribute to this dynamic field.

Mr. David Christian's enlightening talk marked an enriching experience, leaving a lasting impact on future engineers. This collaboration, supported by the IEI Student Chapter, underscores AISSMS Polytechnic's commitment to fostering intellectual exploration.

Faculty Development Training Program

AISSMS Polytechnic recently hosted a Faculty Development Training Program, sponsored by MSBTE, focused on 'Artificial Intelligence: An Engineering Milestone.' Faculty members gained insights into Unsupervised Learning from Dr. Madhavi Pradhan, explored practical applications of Machine Learning with Mr. Sudhil Godare from Sumago Infotech Pvt. Ltd, and participated in an online session by Dr. Kiran Kumar Grrala on Convolutional Neural Network (CNN) and Recurrent Neural Network (RNN). The program concluded with a hands-on session led by Mr. Aditya S. Thakare, offering valuable perspectives on the expansive scope and future of Data Science. This initiative aimed to enhance faculty expertise, fostering a culture of continuous learning at AISSMS Polytechnic.
